

INFORMATIVA SULLA PRIVACY

“A&R SCOUTING CALL 2026–2027”

WHY WE COLLECT THIS DATA

This Privacy Notice applies exclusively to the data and information provided as part of the “**A&R Scouting Call 2026–2027**” run by QUANTO Entertainment.

We need the information requested to know who is applying, assess the proposals we receive, communicate with applicants, arrange possible interviews and manage the different stages of the selection process. If an agreement is reached, some data may continue to be used to set up and manage the resulting collaboration.

QUANTO Entertainment is the Data Controller for the purposes of this Call. For any privacy-related matter, you can write to privacy@quantoentertainment.it

WHAT WE PROCESS

We only process what you choose to provide through the **Q Form**, your application, its attachments and any subsequent communications: identification and contact details, personal and professional information, your Instagram profile if provided, information about your project and any collaborators you mention, and other data contained in the materials you choose to send us. Fields marked as **optional** can simply be left blank.

As a general rule, please avoid providing sensitive information unless it is relevant to your application.

Your data **will not be used for marketing or promotional purposes unrelated to the Call, nor will it be passed on to third parties.**

WHO MAY HAVE ACCESS

Your data may be accessible to those involved by QUANTO Entertainment in managing and assessing the applications, as producers, staff members, editorial team members, collaborators and consultants as required.

Access will be limited to the time and information necessary to perform their role in the selection process and will be subject to the applicable confidentiality and data-protection obligations.

FOR HOW LONG

We will retain data and applications for as long as necessary to manage the selection process. For projects that are not selected, data may be retained for **up to 24 months** after the relevant application process has ended, where necessary to properly document the procedure, handle possible disputes or protect rights and obligations connected with the Call.

If you decide to withdraw your application, the assessment process will stop. This does not necessarily mean the immediate deletion of data that still needs to be retained for the purposes outlined above.

If you are successfully selected and a collaboration follows, the necessary data will instead be handled in accordance with the arrangements eventually agreed and entered into during the final stages of the process.

YOUR DATA STAYS YOURS

You may ask us what data we hold about you and, where provided for under the applicable data-protection rules, request **access, correction, deletion or restriction**, as well as exercise any other rights available to you.

Just write to **privacy@quantoentertainment.it**

QUANTO Entertainment operates in Italy, and the protection and handling of personal data in connection with this Call are governed by the **applicable Italian and European data-protection framework**. Where provided for by law, you retain the right to lodge a complaint with the **Italian Data Protection Authority (Garante per la protezione dei dati personali)**.

No algorithm decides or contributes to deciding who makes it through the selection stages. We do not use automated processes to assess applicants: projects, materials and applications are evaluated **by people**.

THAT'S IT

In brief, **those with no reason to view your application will not access your data**. And we're not interested in collecting data we don't need, and we don't want to use any data for purposes other than those for which you entrusted it to us. By submitting your application, **you confirm that you have read this Privacy Notice**.

QUANTO Entertainment
